

**International  
charity  
public association  
UNIHELP**

## Our mission

International charity public association UNIHLP was registered on the 7<sup>th</sup> of March 2003. Our mission is to carry out humanitarian, charitable and social activities to contribute development and to improve the quality of children's and youth's lives in the Republic of Belarus.

## Our team

Today our fund does everything possible in our Republic, to help severe ill children and territorial social public centers for children needs in support. During thirteen years period of UNIHLP organization existence there were made the permanent aid to the over 30 social institutions. Under the severe ill support programme, which had started in 2013, we had delivered help to over 260 children.

Over 20 charity events have been implemented (campaigns, concerts, programs, etc.)

Today more and more organizations do not limit themselves with occasionally and single help to ill kid and children`s health facilities, but moving towards on a socially oriented business.

Our partner – “KAMACO” company – from the beginning of this year carries out initiative “Easy to help”, according to this, the part of the sales from their products to donate.

Despite of the possibility to donate for needs easily and swift from our site [en.unihelp.by](http://en.unihelp.by), the “KAMACO” charitable endeavours gave one more opportunity for doing good.

For the whole year, we had made **USD 36 939** support.

**Click of good.  
Easy to help!**

On the site bycard.by some events were marked with label “Click of good” ❤️, that’s mean that the relay race is begging and all admirers of activities are welcomed.

Simply pat: buying tickets marked with label “Click of good. Easy to help”, you could help to severe ill children and territorial social public centers of the Republic of Belarus, by donation the percent to our fund – UNIHELP.

What can be easier? You select events and children receiving aid and support, continue to hoping for a miracle!

The spirit of light, warm and good had visited two large traders “Buslik” and “Electrosila”. They had met and as a result was the large-scaled charity initiative going for 11 orphanages in Belarus, their customers and Charitable fund UNIHHELP been involved.

It is certainly symbolic, as in “Buslic” there are thousands of products for sale could help children to become a little more happily and in “Electrosila” it is possible to buy goods for the comfortable daily needs! During charity initiative, social centers had received supplies worth nearby **USD 15 060**.

ЭЛЕКТРОСИЛА

Charity association “UniHelp” announced the charity initiative “Skryniya dapamogi”, designed to raise funds for the severe ill kids treatment. Now you can do your donation in the helper-boxes located in the supermarkets, beauty salons, hotels, and other places all over Belarus.

The aim of this initiative is large-scale placement of donation boxes to pay for the ill kids treatment. Helper-boxes could be located in the any cash-register area. UNIHELP makes an official agreement for the box location and pays for its making.

The boxes provide only benefits: create positive image, demonstrate social responsibility of company, and generate additional opportunities for clients. By this way, customers of the shop with helper-box have a possibility to get rid of the odd money and make a good think at the same time.

We propose to include you on the map “Skryniya dapamogi” on our site instead, to provide growth and success of your company.
